

TELEHOUSE STATEMENT – COVID-19

The UK Government has now removed the legal requirement to wear a face covering in public. Telehouse International Corporation of Europe therefore no longer requires its employees, suppliers, contractors or visitors, to wear face covering in and around our Data Centre facilities.

The Coronavirus (Covid-19) virus remains active within the UK, and we encourage everyone to follow the Government guidelines and take the appropriate steps to reduce the risk of catching and transmitting the virus. This includes assessing your environment and establishing whether to wear a face covering, such as in a crowded or enclosed spaces.

Telehouse reserves the right to amend or adjust this policy as applicable to its business needs, operations, and government advice. We will continue to monitor the situation closely and will provide further updates should there be any change to our position.

Should you require any further information, please contact your Telehouse Account Manager.

We would like to thank you for your support, patience and understanding.

Telehouse International Corporation of Europe Limited
