

NPLTime Certified™ at Telehouse

NPLTime Certified™ at Telehouse

Achieve greater speeds and better synchronisation for your business with our precise, reliable, and secure time service, in partnership with the National Physical Laboratory (NPL), the UK's National Measurement Institute.

The Importance of Time

Precise and traceable time is critical for numerous industries – from banks and high-frequency traders to broadcast and telecommunications. With NPLTime Certified™ at Telehouse, you can meet the requirements set out in regulations such as MiiFID II, and eliminate risks associated with inaccurate time.

Benefits of NPLTime Certified™ at Telehouse

Accuracy

The time service is delivered with a one microsecond SLA to UTC, ensuring synchronisation with all other users.

Traceability

NPLTime Certified™ at Telehouse is continuously monitored and maintained 24/7 up to the point of entry to your network.

Security

Fibre optic links eliminate GNSS jamming, spoofing, urban canyon effects and solar storms to ensure resilience and security.

Availability

The solution is available to any sector, anywhere in the world where there is optical fibre.
